Product Datasheet

WaTx
ISC-PN-120

Artikelname	WaTx
Artikelnummer	ISC-PN-120
Hersteller Artikelnummer	PN-120
Alternativnummer	ISC-PN-120
Hersteller	Isca Biochemicals
Kategorie	Biochemikalien
Produktbeschreibung	WaTx, also known as wasabi receptor toxin, is the active component of the venom of the Australian black rock scorpion Urodacus manicatus. WaTx targets the mechanical and chemical stress sensor transient receptor potential cation channel 1 (TRPA1), wh...
Molekulargewicht	3855.3
NCBI	2019
Reinheit	>95% by HPLC
Formulierung	Freeze dried solid
Sequenz	H-Ala-Ser-Pro-Gln-Gln-Ala-Lys-Tyr-Cys-Tyr-Glu-Gln-Cys-Asn-Val-Asn-Lys-Val-Pro-Phe-Asp-Gln-Cys-Tyr-Gln-Met-Cys-Ser-Pro-Leu-Glu-Arg-Ser-OH (disulphide bridge between C9 and C27 and C13 and C23)
Formel	C164H245N45O53S5
Target-Kategorie	Transient receptor potential (TRP) channels
Anwendungsbeschreibung	ProductType: Peptides
