| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | EIA, IHC, WB                                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Synthetic peptide derived from human PDX1 protein.                                                                                                                                                                                                            |
| Produktbeschreibung      | Activates insulin, somatostatin, glucokinase, islet amyloid polypeptide and glucose transporter type 2 gene transcription. Particularly involved in glucose-dependent regulation of insulin gene transcription. As part of a PDX1:PBX1b:MEIS2b complex in ... |
| Konzentration            | See vial for concentration                                                                                                                                                                                                                                    |
| Isotyp                   | IgG                                                                                                                                                                                                                                                           |
| UniProt                  | <a href="#">P52945</a>                                                                                                                                                                                                                                        |
| Puffer                   | Provided as solution in phosphate buffered saline with 0.08% sodium azide                                                                                                                                                                                     |

|                        |                                                                                                                                      |
