| Artikelname                      | Goat anti-Guinea Pig IgG (H&L) - Affinity Pure, DyLight800 Conjugate, min w/bovine, chicken, goat, hamster, horse, human, mouse, rabbit, rat, sheep Serum, DyLight 800 |
| Artikelnummer                    | IMU-GTXGP-003-F800NHSX                                                                                                                                                 |
| Hersteller Artikelnummer         | GtxGp-003-F800NHSX                                                                                                                                                     |
| Alternativnummer                 | IMU-GTXGP-003-F800NHSX                                                                                                                                                 |
| Hersteller                       | ImmunoReagents                                                                                                                                                         |
| Wirt                             | Goat                                                                                                                                                                   |
| Kategorie                        | Antikörper                                                                                                                                                             |
| Spezies Reaktivität              | Guinea pig                                                                                                                                                             |
| Immunogen                        | Purified Guinea Pig IgG, whole molecule                                                                                                                                |
| Konjugation                      | DyLight 800                                                                                                                                                            |
| Format                           | IgG                                                                                                                                                                    |
| Spezifität                       | IgG (H+L)                                                                                                                                                              |
| Minimale Kreuzreaktivität (MinX) | Bovine,Gallus,Goat,Hamster (all),Equine,Human,Mouse,Rabbit,Rat,Sheep                                                                                                   |
| Konzentration                    | 1.0 mg/ml (E 1% at 280 nm = 13.0)                                                                                                                                      |
| NCBI                             | <a href="#">001166520</a>                                                                                                                                              |

|               |                                                                                          |
|---------------|------------------------------------------------------------------------------------------|
| UniProt       | NP_001166520                                                                             |
| Puffer        | 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2, 1 % (w/v) BSA, Protease/IgG free |
| Reinheit      | Affinity purified antibody is > 95% based on SDS-PAGE                                    |
| Formulierung  | Lyophilized                                                                              |
| Antibody Type | Secondary Antibody                                                                       |
