|                        |                                                                                                               |
|------------------------|---------------------------------------------------------------------------------------------------------------|
| Puffer                 | Purified antibody in PBS Ph 7.2 plus 0.1% sodium azide                                                        |
| Reinheit               | Protein A chromatography                                                                                      |
| Formulierung           | Purified antibody in PBS Ph 7.2 plus 0.1% sodium azide                                                        |
| Target-Kategorie       | CD33                                                                                                          |
| Antibody Type          | Monoclonal Antibody                                                                                           |
| Application Verdünnung | Optimal antibody dilution should be determined by titration however as a guideline use at 2ug/ml for IHC-(fr) |
