| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment (around aa193-326) of human POSTN protein (exact sequence is proprietary)                                                                                                                                                                |
| Produktbeschreibung      | Periostin (PN), also designated osteoblast-specific factor 2 (OSF-2), is a disulfide linked protein originally isolated as a osteoblast-specific factor. Periostin is a secreted protein that binds heparin and functions as a ligand for ve OOVve OO3 and... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [POSTN/3504]                                                                                                                                                                                                                                                  |
| Molekulargewicht         | 84/74kDa (Periostin), 90kDa (secreted glycoprotein)                                                                                                                                                                                                           |

|                        |                                                                                                                                                                        |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotyp                 | IgG1                                                                                                                                                                   |
| NCBI                   | <a href="#">10631</a>                                                                                                                                                  |
| UniProt                | <a href="#">Q15063</a>                                                                                                                                                 |
| Formulierung           | 200ug/ml of Ab purified from Bioreactor Concentrate by Protein A/G. Prepared in 10mM PBS with 0.05% BSA & 0.05% azide. Also available WITHOUT BSA & azide at 1.0mg/ml. |
| Antibody Type          | Monoclonal Antibody                                                                                                                                                    |
| Anwendungsbeschreibung | ELISA (For coating, order antibody without BSA), ,Optimal dilution for a specific application should be determined.                                                    |
