| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | FCG10.1A / CD64 antibody was raised against rheumatoid synovial fluid cells and fibronectin purified human monocytes.                                                                                                                                         |
| Produktbeschreibung      | Three different classes of IgG Fc receptors have been described: Fc A RI (CD64), Fc A RII (CD32) and Fc A RIII (CD16). The low affinity receptors, CD64 and CD16, have a putative role in mediating humoral immune responses. CD64 is a surface glycoprote... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [FCGR1A/4950]                                                                                                                                                                                                                                                 |
| Molekulargewicht         | 43kDa                                                                                                                                                                                                                                                         |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |

|                        |                                                                                                                                                                                                                                                                |
