| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, FC, IF, IHC, WB                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment (around aa 19-188) of human CD137 protein (exact sequence is proprietary)                                                                                                                                                                |
| Produktbeschreibung      | CD137 belongs to the tumor necrosis factor receptor family and delivers a costimulatory signal to T lymphocytes. It is expressed on activated T cells and binds an inducible ligand that is found on B cells, macrophages and dendritic cells. Interaction... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [4-1BB/4552R]                                                                                                                                                                                                                                                 |
| Molekulargewicht         | 32kDa (monomer), 85kDa (dimer)                                                                                                                                                                                                                                |

|                        |                                                                                                                                                                                                                                                                |
