| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                             |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                     |
| Applikation              | IHC                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                          |
| Immunogen                | Recombinant full-length human Mammaglobin (SCGB2A2) protein                                                                                                                                                                                                    |
| Produktbeschreibung      | Mammaglobin, 10 kDa, is a cytoplasmic protein, a mammary-specific member of the uteroglobin family. It is related to a family of epithelial secretory proteins that includes prostatein and Clara cell protein. Mammaglobin occurs in about 80% of breast c... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                     |
| Klon-Bezeichnung         | [MGB/4058R]                                                                                                                                                                                                                                                    |
| Molekulargewicht         | 10.5kDa                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">4250</a>                                                                                                                                                                                                                                           |

|                        |                                                                                                                                                                                                                                                             |
