| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC, IF                                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Gorilla, Human, Primate                                                                                                                                                                                                                                       |
| Immunogen                | A synthetic peptide, corresponding to aa 408-439 (AEEQKLISEEDLLRKRRQLKHKLEQL-RNSCA) from C-terminus of human c-myc, coupled to KLH                                                                                                                            |
| Produktbeschreibung      | The c-Myc protein is a transcription factor, which is encoded by the c-Myc gene on human chromosome 8q24. c-Myc is commonly activated in a variety of tumor cells and plays an important role in cellular proliferation, differentiation, apoptosis and ce... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [CT14.G4]                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 62-64kDa                                                                                                                                                                                                                                                      |

|                        |                                                                                                                                                                        |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotyp                 | IgG1                                                                                                                                                                   |
| NCBI                   | <a href="#">4609</a>                                                                                                                                                   |
| UniProt                | <a href="#">P01106</a>                                                                                                                                                 |
| Formulierung           | 200ug/ml of Ab Purified from Bioreactor Concentrate by Protein A/G. Prepared in 10mM PBS with 0.05% BSA & 0.05% azide. Also available WITHOUT BSA & azide at 1.0mg/ml. |
| Antibody Type          | Monoclonal Antibody                                                                                                                                                    |
| Anwendungsbeschreibung | Flow Cytometry (1-2ug/million cells), Immunofluorescence (1-2ug/ml), Optimal dilution for a specific application should be determined.                                 |
