### **Biotin Antibody Peroxidase Conjugated, HRP, Rabbit, Polyclonal ROC-600-403-098**

|                          |                                                                   |
|--------------------------|-------------------------------------------------------------------|
| Artikelname              | Biotin Antibody Peroxidase Conjugated, HRP, Rabbit, Polyclonal    |
| Artikelnummer            | ROC-600-403-098                                                   |
| Hersteller Artikelnummer | 600-403-098                                                       |
| Alternativnummer         | ROC-600-403-098                                                   |
| Hersteller               | Rockland Immunochemicals                                          |
| Wirt                     | Rabbit                                                            |
| Kategorie                | Antikörper                                                        |
| Applikation              | ELISA                                                             |
| Immunogen                | Biotin conjugated to Keyhole Limpet Hemocyanin (KLH)              |
| Konjugation              | HRP                                                               |
| Klonalität               | Polyclonal                                                        |
| Konzentration            | 1.1 mg/mL by UV absorbance at 280 nm                              |
| Puffer                   | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2        |
| Formulierung             | Lyophilized                                                       |
| Antibody Type            | Primary Antibody                                                  |
| Application Verdünnung   | ELISA: 1:10,000-1:80,000, IHC: 1:500-1:2,500, WB: 1:1,000-1:5,000 |

|                        |                                                                                                                                                                                                                       |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Anti-Biotin Antibody Peroxidase conjugate has been tested by ELISA and is suitable for immunoblotting (western or dot blot), immunoprecipitation and most immunological methods requiring high titer and specificity. |
