## Product Datasheet

### **Mouse IgG anti-Human IgG (H+L)-Alk. Phos., MinX none, ALP, Polyclonal , AP ROC-609-305-002**

|                                  |                                                                            |
|----------------------------------|----------------------------------------------------------------------------|
| Artikelname                      | Mouse IgG anti-Human IgG (H+L)-Alk. Phos., MinX none, ALP, Polyclonal , AP |
| Artikelnummer                    | ROC-609-305-002                                                            |
| Hersteller Artikelnummer         | 609-305-002                                                                |
| Alternativnummer                 | ROC-609-305-002                                                            |
| Hersteller                       | Rockland Immunochemicals                                                   |
| Wirt                             | Mouse                                                                      |
| Kategorie                        | Antikörper                                                                 |
| Applikation                      | ELISA,IHC,WB                                                               |
| Spezies Reaktivität              | Human                                                                      |
| Immunogen                        | Human IgG whole molecule                                                   |
| Konjugation                      | Alk. Phos.                                                                 |
| Format                           | IgG                                                                        |
| Spezifität                       | IgG (H+L)                                                                  |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                                        |
| Klonalität                       | Polyclonal                                                                 |
| Konzentration                    | 1 mg/mL by UV absorbance at 280 nm                                         |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | 0.05 M Tris Chloride, 0.15M Sodium Chloride, 0.001M Magnesium Chloride, 0.0001M Zinc Chloride, 50% (v/v) Glycerol, pH 8.0                                                                                                                                      |
| Formulierung           | Liquid (sterile filtered)                                                                                                                                                                                                                                      |
| Target-Kategorie       | Human                                                                                                                                                                                                                                                          |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                             |
| Application Verdünnung | ELISA: 1:2,000 - 1:10,000, IHC: 1:200-1:1,000, WB: 1:500-1:2,500                                                                                                                                                                                               |
| Anwendungsbeschreibung | Anti-Human IgG Alkaline Phosphatase conjugate has been tested by ELISA and is suitable for immunoblotting (western or dot blot), ELISA, immunoelectron microscopy and immunohistochemistry as well as other antibody-based enzymatic assays requiring lot-to-l |
