## Product Datasheet

### Mouse IgG3 (Gamma 3 chain) Antibody Cy3 Conjugated, Rabbit, Polyclonal ROC-610-404-043

|                          |                                                                        |
|--------------------------|------------------------------------------------------------------------|
| Artikelname              | Mouse IgG3 (Gamma 3 chain) Antibody Cy3 Conjugated, Rabbit, Polyclonal |
| Artikelnummer            | ROC-610-404-043                                                        |
| Hersteller Artikelnummer | 610-404-043                                                            |
| Alternativnummer         | ROC-610-404-043                                                        |
| Hersteller               | Rockland Immunochemicals                                               |
| Wirt                     | Rabbit                                                                 |
| Kategorie                | Antikörper                                                             |
| Spezies Reaktivität      | Mouse                                                                  |
| Immunogen                | Mouse IgG3 heavy chain                                                 |
| Konjugation              | Cy3                                                                    |
| Klonalität               | Polyclonal                                                             |
| Konzentration            | 1.0 mg/mL by UV absorbance at 280 nm                                   |
| Puffer                   | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2             |
| Formulierung             | Lyophilized                                                            |
| Target-Kategorie         | Mouse                                                                  |
| Antibody Type            | Secondary Antibody                                                     |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | FLISA: 1:10,000 - 1:50,000, Flow Cytometry: 1:500 - 1:2,500, IF Microscopy: 1:1,000 - 1:5,000                                                                                                                                                                  |
| Anwendungsbeschreibung | This product is designed for immunofluorescence microscopy, fluorescence based plate assays (FLISA) and fluorescent western blotting. This product is also suitable for multiplex analysis, including multicolor imaging, utilizing various commercial platfor |
