## Product Datasheet

### **Rabbit IgG anti-Mouse IgG (H)-unconj., MinX none ROC-610-4112**

|                                  |                                                            |
|----------------------------------|------------------------------------------------------------|
| Artikelname                      | Rabbit IgG anti-Mouse IgG (H)-unconj., MinX none           |
| Artikelnummer                    | ROC-610-4112                                               |
| Hersteller Artikelnummer         | 610-4112                                                   |
| Alternativnummer                 | ROC-610-4112                                               |
| Hersteller                       | Rockland Immunochemicals                                   |
| Wirt                             | Rabbit                                                     |
| Kategorie                        | Antikörper                                                 |
| Applikation                      | ELISA,IHC,WB                                               |
| Spezies Reaktivität              | Mouse                                                      |
| Immunogen                        | Mouse IgG gamma heavy chain                                |
| Konjugation                      | Unconjugated                                               |
| Format                           | IgG                                                        |
| Spezifität                       | IgG (Fc)                                                   |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                        |
| Klonalität                       | Polyclonal                                                 |
| Konzentration                    | 1.0 mg/mL by UV absorbance at 280 nm                       |
| Puffer                           | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |

|                        |                                                                                                                                                                                                                                                     |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid (sterile filtered)                                                                                                                                                                                                                           |
| Target-Kategorie       | Mouse                                                                                                                                                                                                                                               |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                  |
| Application Verdünnung | ELISA: 1:10,000 - 1:50,000, IHC: 1:500 - 1:2,500, WB: 1:1,000 - 1:5,000                                                                                                                                                                             |
| Anwendungsbeschreibung | Anti-Mouse IgG Antibody has been tested by ELISA and is designed for ELISA, western blotting, and immunohistochemistry. This product is also suitable for multiplex analysis, including multicolor imaging, utilizing various commercial platforms. |
