| Alternativnummer         | LS-B6166-50                                                                                                                                                                                                           |
| Hersteller               | LifeSpan Biosciences                                                                                                                                                                                                  |
| Wirt                     | Mouse                                                                                                                                                                                                                 |
| Kategorie                | Antikörper                                                                                                                                                                                                            |
| Applikation              | ELISA, IF, IHC, IHC-P, WB                                                                                                                                                                                             |
| Spezies Reaktivität      | Human, Rat                                                                                                                                                                                                            |
| Immunogen                | UBTF (NP_055048, 551 aa ~ 651 aa) partial recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.                                                                                                        |
| Konjugation              | Unconjugated                                                                                                                                                                                                          |
| Produktbeschreibung      | UBF antibody LS-B6166 is an unconjugated mouse monoclonal antibody to UBF (UBTF) from human. It is reactive with human and rat. Validated for ELISA, IF, IHC and WB. Tested on 20 paraffin-embedded human tissues.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                            |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                             |

|                        |                                                                                                                                                                                               |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Klon-Bezeichnung       | [1A2]                                                                                                                                                                                         |
| NCBI                   | <a href="#">7343</a>                                                                                                                                                                          |
| Puffer                 | PBS, pH 7.4                                                                                                                                                                                   |
| Reinheit               | Purified from ascites by Protein A                                                                                                                                                            |
| Formulierung           | PBS, pH 7.4                                                                                                                                                                                   |
| Application Verdünnung | ELISA, IF (10 µg/ml), IHC, IHC-P (5 µg/ml), WB (1:500 - 1:1000)                                                                                                                               |
| Anwendungsbeschreibung | Immunohistochemistry: Formalin-fixed paraffin-embedded sections. Sandwich ELISA: Recombinant protein. Western Blot using cell line lysates and the recombinant protein used as the immunogen. |
