| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment (around aa150-300) of human PAX8 (exact sequence is proprietary)                                                                                                                                                                         |
| Produktbeschreibung      | Recognizes a protein of 62kDa, identified as PAX8. It is a member of the paired box (PAX) family of transcription factors. This nuclear protein is involved in thyroid follicular cell development and expression of thyroid-specific genes. Mutations in ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [PAX8/8973R]                                                                                                                                                                                                                                                  |
| Molekulargewicht         | 62kDa                                                                                                                                                                                                                                                         |

|              |                                                                                                                                                                        |
