| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Xenopus                                                                                                                                                                                                                                                       |
| Immunogen                | Recombinant full-length Xenopus laevis Cyclin A1 protein                                                                                                                                                                                                      |
| Produktbeschreibung      | The critical role that the family of regulatory proteins known as cyclins play in eukaryotic cell cycle regulation is well established. The best-characterized cyclin complex is the mitotic cyclin B/Cdc2 p34 kinase, the active component of maturing pr... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [XLA1-3]                                                                                                                                                                                                                                                      |
| Molekulargewicht         | 65kDa                                                                                                                                                                                                                                                         |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |
| NCBI                     | Not Known                                                                                                                                                                                                                                                     |
