| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC, IF, IHC, WB                                                                                                                                                                                                                                               |
| Spezies Reaktivität      | Bovine, Frog, Goat, Guinea pig, Human, Monkey, Mouse, Porcine, Rat                                                                                                                                                                                            |
| Immunogen                | Keratin-enriched preparation from cultured human epithelial cells                                                                                                                                                                                             |
| Produktbeschreibung      | Twenty human keratins are resolved with two-dimensional gel electrophoresis into acidic (pI 6.0) subfamilies. This antibody recognizes acidic (Type I or LMW) and basic (Type II or HMW) cytokeratins, including 59kDa (CK4), 58kDa (CK5), 56kDa (CK6), 52... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [KRT/457]                                                                                                                                                                                                                                                     |
| Molekulargewicht         | Multiple                                                                                                                                                                                                                                                      |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |

|              |                                                                                                                                                                        |
