| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | All                                                                                                                                                                                                                                                           |
| Immunogen                | Bromodeoxyuridine (BrdU) conjugated to BSA or KLH                                                                                                                                                                                                             |
| Produktbeschreibung      | It reacts with Bromodeoxyuridine (BrdU) in single stranded DNA (produced by partial denaturation of double stranded DNA), BrdU coupled to a protein carrier, as well as free BrdU. BrdU is a thymidine analog, incorporated into cell nuclei during DNA sy... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [BRD469 + BRD494 + BRD.3]                                                                                                                                                                                                                                     |
| Molekulargewicht         | Depends on the target                                                                                                                                                                                                                                         |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |

|              |                                                                                                                                                                              |
