## Product Datasheet

### CD80 Antibody [11C12], IgG1, Unconjugated, Mouse, Monoclonal PRS-RF16045

|                          |                                                                          |
|--------------------------|--------------------------------------------------------------------------|
| Artikelname              | CD80 Antibody [11C12], IgG1, Unconjugated, Mouse, Monoclonal             |
| Artikelnummer            | PRS-RF16045                                                              |
| Hersteller Artikelnummer | RF16045                                                                  |
| Alternativnummer         | PRS-RF16045-0.02, PRS-RF16045-0.1                                        |
| Hersteller               | ProSci                                                                   |
| Wirt                     | Mouse                                                                    |
| Kategorie                | Antikörper                                                               |
| Applikation              | ELISA, ICC, IF, IHC-P, WB                                                |
| Spezies Reaktivität      | Human                                                                    |
| Immunogen                | CD80 antibody was raised against the extracellular domain of human CD80. |
| Konjugation              | Unconjugated                                                             |
| Klonalität               | Monoclonal                                                               |
| Konzentration            | 1 mg/mL                                                                  |
| Klon-Bezeichnung         | [11C12]                                                                  |
| Molekulargewicht         | Predicted: 32 kDa Observed: 50 kDa                                       |
| Isotyp                   | IgG1                                                                     |
| NCBI                     | <a href="#">941</a>                                                      |

|                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

| Puffer                 | CD80 Antibody is supplied in PBS containing 0.02% sodium azide and 50% glycerol.                                                                                                                                                                                                                                                                                                                                                                               |
| Formulierung           | Liquid                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Application Verdünnung | Optimal dilutions for each application to be determined by the researcher.                                                                                                                                                                                                                                                                                                                                                                                     |
| Anwendungsbeschreibung | CD80 antibody can be used for detection of CD80 by Western blot at 1 - 2 µg/mL. Antibody can also be used for immunohistochemistry starting at 2 - µg/mL. For immunofluorescence start at 5 µg/mL. Antibody validated: Western Blot in human samples, Immunohistochemistry in human samples, Immunocytochemistry in human samples, Immunofluorescence in human samples and Flow Cytometry in mouse samples. All other applications and species not yet tested. |
