## Product Datasheet

### **Anti-PI3-kinase (p85alpha) mAb, IgG1, Clone: [AB6], Unconjugated, Mouse, Monoclonal MBL-MD-06-3**

|                          |                                                                                     |
|--------------------------|-------------------------------------------------------------------------------------|
| Artikelname              | Anti-PI3-kinase (p85alpha) mAb, IgG1, Clone: [AB6], Unconjugated, Mouse, Monoclonal |
| Artikelnummer            | MBL-MD-06-3                                                                         |
| Hersteller Artikelnummer | MD-06-3                                                                             |
| Alternativnummer         | MBL-MD-06-3                                                                         |
| Hersteller               | MBL                                                                                 |
| Wirt                     | Mouse                                                                               |
| Kategorie                | Antikörper                                                                          |
| Applikation              | IP, WB                                                                              |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                   |
| Immunogen                | Recombinant Human p85alpha                                                          |
| Konjugation              | Unconjugated                                                                        |
| Produktbeschreibung      | Anti-PI-3 Kinase (p85alpha) (Human) mAb, IgG1, Clone: [AB6], Mouse, Monoclonal...   |
| Klonalität               | Monoclonal                                                                          |
| Konzentration            | 1 mg/mL                                                                             |
| Klon-Bezeichnung         | [AB6]                                                                               |
| Isotyp                   | IgG1                                                                                |

|                        |                                                                                                                                                                                                                                |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI                   | <a href="#">5266</a>                                                                                                                                                                                                           |
| Puffer                 | 1 mg/mL in PBS/50% glycerol, pH 7.2                                                                                                                                                                                            |
| Quelle                 | This antibody was purified from mouse ascites fluid using protein A agarose. This hybridoma was established by fusion of mouse myeloma cell SP2/0-Ag14 with Balb/c mouse splenocyte immunized with recombinant human p85alpha. |
| Target-Kategorie       | PI-3                                                                                                                                                                                                                           |
| Application Verdünnung | WB: 1 µg/mL (chemiluminescence detection system). IP: 1-5 µg/600 µL of cell extract from 5x10 <sup>6</sup> cells. ICC: 10 µg/mL                                                                                                |
