| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant human full-length CHP2 protein                                                                                                                                                                                                                    |
| Konjugation              | CF405S                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | Calcineurin B homologous protein 2, also known as hepatocellular carcinoma-associated antigen 520, is a 196 amino acid protein that contains 4 EF-hand domains and plays a potential role in transmembrane Na/H exchange. By binding to and activating NHE... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.1 mg/mL                                                                                                                                                                                                                                                     |

|                        |                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------|
| Klon-Bezeichnung       | [CPTC-CHP2-1]                                                                                                            |
| Molekulargewicht       | 22 kDa                                                                                                                   |
| UniProt                | <a href="#">O43745</a>                                                                                                   |
| Puffer                 | PBS, 0.1% BSA, 0.05% azide                                                                                               |
| Quelle                 | Animal                                                                                                                   |
| Anwendungsbeschreibung | Western blot 1-2 ug/mL, Immunofluorescence: 1-2 ug/mL, Optimal dilution for a specific application should be determined. |
