## Product Datasheet

### **Laminin Receptor / RPSA (Marker of Metastatic Potential)(RPSA/2699), CF405S conjugate, 0.1mg/mL, Clone: [RPSA/2699], Mouse, Monoclonal BOT-BNC042699-100**

|                          |                                                                                                                                                                                                                                                               |

| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant full-length human RPSA protein                                                                                                                                                                                                                    |
| Konjugation              | CF405S                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | Laminins, a family of extracellular matrix glycoproteins, are the major non-collagenous constituent of basement membranes. They have been implicated in a wide variety of biological processes including cell adhesion, differentiation, migration, signal... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.1 mg/mL                                                                                                                                                                                                                                                     |

|                  |                            |
|------------------|----------------------------|
| Klon-Bezeichnung | [RPSA/2699]                |
| Molekulargewicht | 37-67 kDa                  |
| UniProt          | <a href="#">P08865</a>     |
| Puffer           | PBS, 0.1% BSA, 0.05% azide |
| Quelle           | Animal                     |
