## Product Datasheet

### **RNA Polymerase II(CTD4H8), CF405S conjugate, 0.1mg/mL, Clone: [CTD4H8], Mouse, Monoclonal BOT-BNC042929-500**

|                          |                                                                                                                                                                                                                                                               |

| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                | Ten repeats of synthetic peptide YSPTSPS using chemically synthesized phospho-Ser5                                                                                                                                                                            |
| Konjugation              | CF405S                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | RNA polymerase II (Pol II) is an enzyme that is composed of 12 subunits and is responsible for the transcription of protein-coding genes. Transcription initiation requires Pol II-mediated recruitment of transcription machinery to a target promoter, t... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.1 mg/mL                                                                                                                                                                                                                                                     |

|                  |                            |
|------------------|----------------------------|
| Klon-Bezeichnung | [CTD4H8]                   |
| Molekulargewicht | 192-253 kDa                |
| UniProt          | <a href="#">P24928</a>     |
| Puffer           | PBS, 0.1% BSA, 0.05% azide |
| Quelle           | Animal                     |
