## Product Datasheet

### **SOX2 (Embryonic Stem Cell Marker)(rSOX2/1792), Biotin conjugate, 0.1mg/mL, Clone: [rSOX2/1792], Mouse, Monoclonal BOT-BNCB3810-100**

|                          |                                                                                                                                                                                                                                                               |

| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                  |
| Immunogen                | Recombinant fragment (within aa176-305) of human SOX2 protein (exact sequence is proprietary)                                                                                                                                                                 |
| Konjugation              | Biotin                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | SOX2 is required for stem cell maintenance in the central nervous system, and it also regulates gene expression in the stomach. SOX2 is necessary for regulating multiple transcription factors that affect Oct 3/4 expression. An essential function of S... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.1 mg/mL                                                                                                                                                                                                                                                     |

|                  |                            |
|------------------|----------------------------|
| Klon-Bezeichnung | [rSOX2/1792]               |
| Molekulargewicht | 34 kDa                     |
| UniProt          | <a href="#">P48431</a>     |
| Puffer           | PBS, 0.1% BSA, 0.05% azide |
| Quelle           | Animal                     |
