| Alternativnummer         | BOT-P004-RPE-125-125UL                                                                                                                                                                                                          |
| Hersteller               | Biotium                                                                                                                                                                                                                         |
| Wirt                     | Mouse                                                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                                                      |
| Applikation              | Exosome Staining, FC                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human, Primate                                                                                                                                                                                                                  |
| Konjugation              | ExoBrite(TM) R-PE                                                                                                                                                                                                               |
| Produktbeschreibung      | ExoBrite(TM) RPE CD63 Flow Antibody is optimized for detection of the exosome marker CD63 in isolated exosomes by flow cytometry in the PE channel. Recommended for instruments optimized for small particle flow. 25 tests.... |
| Molekulargewicht         | 26 kDa (core protein), 30-60 kDa (glycosylated)                                                                                                                                                                                 |
| UniProt                  | <a href="#">P08962</a>                                                                                                                                                                                                          |
| Puffer                   | Proprietary buffer containing 0.05% sodium azide                                                                                                                                                                                |
| Quelle                   | Animal                                                                                                                                                                                                                          |

|                        |                                                                        |
|------------------------|------------------------------------------------------------------------|
| Anwendungsbeschreibung | Recommended concentration for flow cytometry: 5 uL per 0.1 mL exosomes |
|------------------------|------------------------------------------------------------------------|
