| Kategorie                | Antikörper                                                                                                                                                                                                                                           |
| Applikation              | FC                                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                |
| Immunogen                | Human peripheral blood T cells                                                                                                                                                                                                                       |
| Konjugation              | CF647Plus                                                                                                                                                                                                                                            |
| Produktbeschreibung      | CD8a (clone SK1) is a mouse monoclonal antibody that recognizes the human protein CD8. CD8a is a common marker of cytotoxic (Killer) T cells, and is a T cell coreceptor. This CF647Plus antibody conjugate has been validated in flow cytometry.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                           |
| Konzentration            | 50 ug/mL                                                                                                                                                                                                                                             |
| Klon-Bezeichnung         | [SK1]                                                                                                                                                                                                                                                |

|                        |                                                                             |
|------------------------|-----------------------------------------------------------------------------|
| Molekulargewicht       | 32-34 kDa (alpha chain)                                                     |
| UniProt                | <a href="#">P01732</a>                                                      |
| Puffer                 | PBS, 0.1% BSA, 0.05% azide                                                  |
| Quelle                 | Animal                                                                      |
| Anwendungsbeschreibung | Recommended concentration for flow cytometry: 5 uL per million cells/0.1 mL |
