| Artikelname              | Gab 2/4 Antibody, Rabbit, Polyclonal                                                                                  |
| Artikelnummer            | AST-C12388                                                                                                            |
| Hersteller Artikelnummer | C12388                                                                                                                |
| Alternativnummer         | AST-C12388-50,AST-C12388-100                                                                                          |
| Hersteller               | Assay Biotechnology                                                                                                   |
| Wirt                     | Rabbit                                                                                                                |
| Kategorie                | Antikörper                                                                                                            |
| Applikation              | ELISA, IF, IHC, WB                                                                                                    |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                     |
| Immunogen                | The antiserum was produced against synthesized peptide derived from human GAB2. AA range:21-70                        |
| Produktbeschreibung      | similarity:Belongs to the GAB family.,similarity:Contains 1 PH domain.,...                                            |
| Klonalität               | Polyclonal                                                                                                            |
| UniProt                  | <a href="#">Q2WGN9</a>                                                                                                |
| Quelle                   | Polyclonal, Rabbit IgG                                                                                                |
| Reinheit                 | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |

|                        |                                                                         |
|------------------------|-------------------------------------------------------------------------|
| Formulierung           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide. |
| Application Verdünnung | WB 1:500 - 1:2000. IHC 1:100 - 1:300. ELISA: 1:40000.. IF 1:50-200      |
