| Produktbeschreibung      | The MMP-14 Colorimetric Cell-Based ELISA Kit is a convenient, lysate-free, high throughput and sensitive assay kit that can detect MMP-14 protein expression profile in cells. The kit can be used for measuring the relative amounts of MMP-14 in culture... |
| Detektionsbereich        | At least 5000 cells/well                                                                                                                                                                                                                                      |
