| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IF, IHC                                                                                                                                                                                                                                                |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Synthesized peptide derived from human CK10 AA range: 500-584                                                                                                                                                                                                 |
| Produktbeschreibung      | This gene encodes a member of the type I (acidic) cytokeratin family, which belongs to the superfamily of intermediate filament (IF) proteins. Keratins are heteropolymeric structural proteins which form the intermediate filament. These filaments, alo... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P13645</a>                                                                                                                                                                                                                                        |
| Quelle                   | Mouse, Monoclonal IgG1, kappa                                                                                                                                                                                                                                 |
| Reinheit                 | The antibody was affinity-purified from ascites by affinity-chromatography using specific immunogen.                                                                                                                                                          |

|                        |                                                |
|------------------------|------------------------------------------------|
| Formulierung           | PBS, 50% glycerol, 0.05% Proclin 300, 0.05%BSA |
| Application Verdünnung | IHC 1:200-400. IF 1:50-200. ELISA 1:500-5000   |
