| Alternativnummer         | NBT-1191-MSM48-P0-20                                                                                                                                                                                                                                          |
| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment (around aa150-300) of human CLU protein (exact sequence is proprietary)                                                                                                                                                                  |
| Produktbeschreibung      | Clusterin, also designated complement lysis inhibitor (CLI), apolipoprotein J (APOJ), sulfated glycoprotein 2 (SGP2), SP40 and testosterone-repressed prostate message 2 (TRPM2), is a secretory, heterodimeric glycoprotein that influences immune regula... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [CLU/12059]                                                                                                                                                                                                                                                   |
| Molekulargewicht         | 70kDa (precursor), 36-39kDa (alpha), 34-36kDa (beta)                                                                                                                                                                                                          |

|              |                                                                                                                                                                        |
