Mesothelial Cells (Mesothelioma Marker) Antibody, IgM, Clone: [HBME-1], Mouse, Monoclonal NBT-MSM1-9708-CS1

Artikelname	Mesothelial Cells (Mesothelioma Marker) Antibody, IgM, Clone: [HBME-1], Mouse, Monoclonal
Artikelnummer	NBT-MSM1-9708-CS1
Hersteller Artikelnummer	MSM1-9708-CS1
Alternativnummer	NBT-MSM1-9708-CS1-500,NBT-MSM1-9708-CS1-0.5
Hersteller	NeoBiotechnologies
Wirt	Mouse
Kategorie	Antikörper
Applikation	IF, IHC
Spezies Reaktivität	Human
Immunogen	BALB/C mice were injected with suspension of human mesothelioma cells from patients with malignant epithelial mesothelioma.
Produktbeschreibung	Mesothelioma, a form of cancer caused by previous exposure to asbestos, causes malignant cells to flourish within the mesothelium, a protective lining that covers most of the internal organs of the body. Mesothelioma is most commonly found in the ple...
Klonalität	Monoclonal
Klon-Bezeichnung	[HBME-1]
Molekulargewicht	Not Known

Isotyp	IgM
NCBI	Not Known
Formulierung	200ug/ml of Ab purified from Bioreactor Concentrate by Protein L. Prepared in 10mM PBS with 0.05% BSA & 0.05% azide. Also available WITHOUT BSA & azide at 1.0mg/ml.
