| Spezies Reaktivität      | Rat                                                                                                                                                                                                                                                           |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Prokaryotic Rat Interleukin 12 is a purified Prokaryotic Protein. Purity: >90% by SDS-PAGE. Host: E. coli. Endotoxin Level: <1.0EU per 1ug, by the LAL method. Species: Rat. Target Name: Interleukin 12. Accession Number: E9PU71. Expression Region: Met... |
| Molekulargewicht         | 60kDa                                                                                                                                                                                                                                                         |
| Tag                      | N-Terminal His Tag                                                                                                                                                                                                                                            |
| Puffer                   | PBS, pH7.4, containing 0.01% SKL, 1mM DTT, 5% Trehalose and Proclin300.                                                                                                                                                                                       |
| Expression System        | Prokaryotic expression                                                                                                                                                                                                                                        |

|                  |                     |
|------------------|---------------------|
| Reinheit         | >90% by SDS-PAGE    |
| Formulierung     | Freeze-dried powder |
| Target-Kategorie | Interleukin 12      |
