| Alternativnummer         | SYB-CHA452-100UG,SYB-CHA452-1MG                                                                                                                                                                                     |
| Hersteller               | Sanyou Bio                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                          |
| Applikation              | ELISA, FA, FACS, Kinetics                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                               |
| Produktbeschreibung      | Anti-KLK5 / Kallikrein 5 Reference Antibody (Genentech patent anti-KLK5)(CHA452) is expressed from CHO. The heavy chain type is huIgG1, and the light chain type is hukappa. It has a predicted MW of 145.5 kDa.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                          |
| Konzentration            | 1mg/ml                                                                                                                                                                                                              |
| Isotyp                   | IgG1                                                                                                                                                                                                                |
| UniProt                  | <a href="#">Q9Y337</a>                                                                                                                                                                                              |
| Puffer                   | 25mM histidine, 8% sucrose, 0.01% Tween80 pH6.2                                                                                                                                                                     |
| Reinheit                 | >95%                                                                                                                                                                                                                |

|                  |                     |
|------------------|---------------------|
| Formulierung     | Lyophilize          |
| Target-Kategorie | KLK5 / Kallikrein 5 |
