| Produktbeschreibung      | <p>Squalene is a naturally occurring triterpenoid synthesized from two molecules of farnesyl diphosphate (FPP) by squalene synthase. Echelons squalene has been further purified to remove oxidized byproducts.</p> <hr/> <p><b>Storage</b></p> <p>-20C or below</p> <hr/> <p><b>Documents</b></p> <p><a href="#">Tech...</a></p> |
| Anwendungsbeschreibung   | Categories: Biochemical Reagents. Related: Isoprenoid. Ship 1 : Shipping Temp. Ship 2: Ambient Temperature                                                                                                                                                                                                                        |
