## Product Datasheet

### **InVivoMAb anti-human/mouse Ganglioside GD2, Clone: [14G2a], Mouse, Monoclonal BXC-BE0318-INDUSTRIAL**

|                          |                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------|
| Artikelname              | InVivoMAb anti-human/mouse Ganglioside GD2, Clone: [14G2a], Mouse, Monoclonal        |
| Artikelnummer            | BXC-BE0318-INDUSTRIAL                                                                |
| Hersteller Artikelnummer | BE0318                                                                               |
| Alternativnummer         | BXC-BE0318-1MG,BXC-BE0318-5MG,BXC-BE0318-25MG,BXC-BE0318-50MG,BXC-BE0318-100MG       |
| Hersteller               | Bio X Cell                                                                           |
| Wirt                     | Mouse                                                                                |
| Kategorie                | Antikörper                                                                           |
| Spezies Reaktivität      | Human, Mouse                                                                         |
| Immunogen                | Neuroblastoma cell line LAN-1                                                        |
| Klonalität               | Monoclonal                                                                           |
| Konzentration            | Lot specific,typically between 4-11 mg/ml                                            |
| Klon-Bezeichnung         | [14G2a]                                                                              |
| Molekulargewicht         | 150 kDa                                                                              |
| Pubmed                   | <a href=https://pubmed.ncbi.nlm.nih.gov/30027525 target=_blank rel=nofollow>30027525 |
| Puffer                   | PBS, pH 7.0, Contains no stabilizers or preservatives                                |

|                        |                                                                                             |
|------------------------|---------------------------------------------------------------------------------------------|
| Reinheit               | 95% , Determined by SDS-PAGE                                                                |
| Formulierung           | Liquid                                                                                      |
| Formel                 | PBS, pH 7.0, Contains no stabilizers or preservatives                                       |
| Target-Kategorie       | Ganglioside GD2                                                                             |
| Anwendungsbeschreibung | in vitro induction of apoptosis in GD2+ cells, in vivo inhibition of GD2+ tumor cell growth |
