| Hersteller Artikelnummer | HY-P704277                                                                                                                                                                                                                                                    |
| Alternativnummer         | MCE-HY-P704277-100UG                                                                                                                                                                                                                                          |
| Hersteller               | MedchemExpress                                                                                                                                                                                                                                                |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | EGF proteins act as potent stimulators of growth in a variety of epidermal and epithelial tissues in both in vivo and in vitro settings, while promoting the proliferation of specific fibroblasts in cell culture. This multifaceted protein also acts as... |
| Molekulargewicht         | Approximately 35 kDa,based on SDS-PAGE under reducing conditions,due to the glycosylation.                                                                                                                                                                    |
| Formel                   | 1950(Gene_ID)P01133-1 (N971-R1023)(Accession)                                                                                                                                                                                                                 |
| Anwendungsbeschreibung   | MCE Product type: Recombinant Proteins                                                                                                                                                                                                                        |
