| Hersteller               | MedchemExpress                                                                                                                                                                                                                                                |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | Receptor-type tyrosine-protein phosphatase C (PTPRC) is a receptor type PTP and an essential positive regulator of T- and B-cell antigen receptor signaling. PTPRC functions through direct interaction with antigen receptor complexes, or by activating ... |
| Molekulargewicht         | Approximately 200-250 kDa, based on SDS-PAGE under reducing conditions, due to the glycosylation.                                                                                                                                                             |
| Formel                   | 5788(Gene_ID)P08575-3 (Q26-K577)(Accession)                                                                                                                                                                                                                   |
| Anwendungsbeschreibung   | MCE Product type: Recombinant Proteins                                                                                                                                                                                                                        |
