| Alternativnummer         | EKL-AMRE84141-50UL,EKL-AMRE84141-100UL                                                                                                   |
| Hersteller               | EnkiLife                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                   |
| Kategorie                | Antikörper                                                                                                                               |
| Applikation              | FC, ICC, WB                                                                                                                              |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                        |
| Konjugation              | Unconjugated                                                                                                                             |
| Produktbeschreibung      | Catalyzes the phosphorylation of D-fructose 6-phosphate to fructose 1,6-bisphosphate by ATP, the first committing step of glycolysis.... |
| Klonalität               | Monoclonal                                                                                                                               |
| Molekulargewicht         | Calculated MW: 85 kDa , Observed MW: 81 kDa                                                                                              |
| UniProt                  | <a href="#">P08237</a>                                                                                                                   |
| Puffer                   | Purified antibody in PBS with 0.05% sodium azide,0.05% BSA and 50% glycerol.                                                             |
| Reinheit                 | Affinity Purification                                                                                                                    |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Formulierung           | Liquid                                        |
| Target-Kategorie       | Fructose 6-Phosphate Kinase                   |
| Application Verdünnung | WB 1:1000-1:2000,ICC 1:50-1:200,FC 1:20-1:100 |
