| Alternativnummer         | NBT-4311-RBM55-P1-100                                                                                                                                                                                                                                         |
| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment corresponding human CD10 protein (exact sequence is proprietary)                                                                                                                                                                         |
| Produktbeschreibung      | Recognizes a 100kDa glycoprotein, identified as CD10, also known as Common Acute Lymphocytic Leukemia Antigen (CALLA). It is a cell surface enzyme with neutral metalloendopeptidase activity, which inactivates a variety of biologically active peptides... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [MME/12800R]                                                                                                                                                                                                                                                  |
| Molekulargewicht         | 100kDa                                                                                                                                                                                                                                                        |

|              |                                                                                                                                                                           |
