| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment corresponding to the C-terminus of human CD70 protein (exact sequence is proprietary)                                                                                                                                                    |
| Produktbeschreibung      | It recognizes a protein of 30kDa, identified as CD70. It is a cytokine that belongs to the tumor necrosis factor (TNF) ligand family. This cytokine is a ligand for TNFRSF27/CD27. It is a surface antigen on activated, but not on resting, T- and B-lymp... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [CD70/12768R]                                                                                                                                                                                                                                                 |
| Molekulargewicht         | 30kDa                                                                                                                                                                                                                                                         |

|              |                                                                                                                                                                        |
