| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Prokaryotic recombinant protein corresponding to the N-terminal cytoplasmic domain of the human synaptic vesicle 2A molecule which shares some regions of homology with the SV2B molecule                                                                     |
| Produktbeschreibung      | Synaptic vesicle protein 2 (SV2) is an integral membrane glycoprotein. It is required for normal neurotransmission and may play a role in the regulation of calcium-stimulated exocytosis. SV2 exists in three forms, SV2A, SV2B and SV2C, each containing... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [r15E11]                                                                                                                                                                                                                                                      |

|                  |                                                                                                                                                                           |
