| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IF, WB                                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Lysate of SU-DHL-1 Nuclei                                                                                                                                                                                                                                     |
| Konjugation              | CF 740                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | Nucleolin (2507.NCL) is a recombinant mouse monoclonal antibody that recognizes nucleolin. This CF740 antibody conjugate has been validated in Immunofluorescence. CF dyes are Biotiums line of next-generation fluorescent dyes with advantages in bright... |
| Klonalität               | Recombinant                                                                                                                                                                                                                                                   |
| Konzentration            | 100 ug/mL                                                                                                                                                                                                                                                     |
| Klon-Bezeichnung         | [2507.NCL]                                                                                                                                                                                                                                                    |

|                        |                                                                                    |
|------------------------|------------------------------------------------------------------------------------|
| Molekulargewicht       | 76 kDa (predicted), 100-110 kDa (observed)                                         |
| UniProt                | <a href="#">P19338</a>                                                             |
| Puffer                 | 1XPBS, 2 mg/mL rBSA and 0.05% sodium azide                                         |
| Quelle                 | Animal                                                                             |
| Anwendungsbeschreibung | Immunofluorescence: 1-5 ug/mL, Optimal concentration to be determined by end-user. |
