| Hersteller               | AcroBiosystems                                                                                                                                                                                                                                                |
| Wirt                     | Human                                                                                                                                                                                                                                                         |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Interleukin17 receptor C (IL17 RC), also known as IL17Rhom, IL17RL, is the receptor for IL17A and IL17F homodimers as part of a heterodimeric complex with IL17RA. IL17A activity is inhibited by IL17RA, IL17F is inhibited by IL17RC, and a combination ... |
| Molekulargewicht         | 76 kDa                                                                                                                                                                                                                                                        |
| Tag                      | C-Fc                                                                                                                                                                                                                                                          |
| NCBI                     | <a href="#">703190</a>                                                                                                                                                                                                                                        |
| Puffer                   | 50 mM Tris, 100 mM Glycine, 150 mM NaCl, pH7.5                                                                                                                                                                                                                |
| Reinheit                 | 90%                                                                                                                                                                                                                                                           |
