| Alternativnummer         | ABB-A4352-100UL, ABB-A4352-20UL                                                                                                                                                                                                                             |
| Hersteller               | ABclonal                                                                                                                                                                                                                                                    |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                  |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                       |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive.                                                                                                                                                                             |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                |
| Produktbeschreibung      | This gene encodes a type I integral membrane glycoprotein. The encoded protein acts as a receptor and binds to both soluble and immobilized hyaluronan. This protein may function in lymphatic hyaluronan transport and have a role in tumor metastasis.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                  |
| Molekulargewicht         | 35kDa                                                                                                                                                                                                                                                       |
| NCBI                     | <a href="#">10894</a>                                                                                                                                                                                                                                       |

|                        |                                                                                                                                                      |
