| Artikelname              | ICOS/CD278 Rabbit mAb, Unconjugated, Monoclonal                                                                                                                                                                                  |
| Artikelnummer            | ABB-A5130                                                                                                                                                                                                                        |
| Hersteller Artikelnummer | A5130                                                                                                                                                                                                                            |
| Alternativnummer         | ABB-A5130-100UL, ABB-A5130-20UL                                                                                                                                                                                                  |
| Hersteller               | ABclonal                                                                                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                                                       |
| Applikation              | ELISA, WB                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                            |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive.                                                                                                                                                  |
| Konjugation              | Unconjugated                                                                                                                                                                                                                     |
| Produktbeschreibung      | The protein encoded by this gene belongs to the CD28 and CTLA-4 cell-surface receptor family. It forms homodimers and plays an important role in cell-cell signaling, immune responses, and regulation of cell proliferation.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                       |
| Molekulargewicht         | 23kDa                                                                                                                                                                                                                            |
| NCBI                     | <a href="#">29851</a>                                                                                                                                                                                                            |

|                        |                                                                                                                                                      |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">Q9Y6W8</a>                                                                                                                               |
| Reinheit               | Affinity purification                                                                                                                                |
| Target-Kategorie       | ICOS                                                                                                                                                 |
| Application Verdünnung | WB,1:1000 - 1:6000 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. |
| Anwendungsbeschreibung | Cross-Reactivity: Human,Mouse,Rat. ResearchArea: Immunology<br>Inflammation,CDs. Shipping: Ice Bag                                                   |
