| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC-Fr, IHC-P                                                                                                                                                                                                                                          |
| Konjugation              | Biotin                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | Zinc-finger proteins bind nucleic acids and play important roles in various cellular functions, including cell proliferation, differentiation, and apoptosis. This protein and Grb10-interacting GYF protein 2 have been identified as a components of the... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1ug/ul                                                                                                                                                                                                                                                        |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                                                                                       |
| Quelle                   | KLH conjugated synthetic peptide derived from human ZNF598                                                                                                                                                                                                    |
| Target-Kategorie         | ZNF598                                                                                                                                                                                                                                                        |

Application Verdünnung

ELISA(1:500-1000), IHC-P(1:200-400), IHC-F(1:100-500)
