| Kategorie                | Antikörper                                                                                                                                                                                                                                                 |
| Applikation              | WB                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                      |
| Konjugation              | BF750                                                                                                                                                                                                                                                      |
| Produktbeschreibung      | Essential component of a MLL/SET1 histone methyltransferase (HMT) complex, a complex that specifically methylates Lys-4 of histone H3 (H3K4). Functions as a transcriptional regulator. Binds to the TERT promoter and represses telomerase expression.... |
| Klonalität               | Recombinant                                                                                                                                                                                                                                                |
| Konzentration            | Lot dependent                                                                                                                                                                                                                                              |
