| Kategorie                | Antikörper                                                                                                                                                                                                                                       |
| Applikation              | ICC, IHC                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                |
| Immunogen                | Fusion protein amino acids 1621-1832 (C-terminal repeats 14 to 15) of human Beta4-spectrin (accession number Q9H254) produced recombinantly in E. Coli                                                                                           |
| Konjugation              | FL650                                                                                                                                                                                                                                            |
| Produktbeschreibung      | Our chicken Anti-Beta4-spectrin recombinant monoclonal antibody is a chimeric antibody derived from NeuroMab clone N393/76. It detects human, mouse, and rat Beta4-spectrin and is purified by affinity chromatography. It works in ICC, IHC.... |
| Klonalität               | Recombinant                                                                                                                                                                                                                                      |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                                                                                        |

|                  |                                   |
|------------------|-----------------------------------|
| Klon-Bezeichnung | [N393/76]                         |
| Molekulargewicht | >200 kDa                          |
| UniProt          | <a href="#">Q9H254</a>            |
| Puffer           | 1X PBS, 0.05% Sodium Azide pH 7.4 |
| Formulierung     | Liquid                            |
| Target-Kategorie | Beta4-spectrin                    |
| Antibody Type    | Primary Antibody                  |
