| Hersteller Artikelnummer | F40147-0.08ML                                                                                                                                                                                                               |
| Alternativnummer         | NSJ-F40147-0.08ML                                                                                                                                                                                                           |
| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                             |
| Wirt                     | Rabbit                                                                                                                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                                                                                                                  |
| Applikation              | ELISA, WB                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                       |
| Immunogen                | A portion of amino acids 278-308 from the human protein was used as the immunogen for this STK19 antibody.                                                                                                                  |
| Produktbeschreibung      | SSTK19/STK19 is a serine/threonine kinase which localizes predominantly to the nucleus. Its specific function is unknown, it is possible that phosphorylation of this protein is involved in transcriptional regulation.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                  |
| UniProt                  | <a href="#">P49842</a>                                                                                                                                                                                                      |
| Reinheit                 | Purified                                                                                                                                                                                                                    |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                                                  |

|                        |                                                                                                                      |
|------------------------|----------------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                                                                     |
| Application Verdünnung | Western blot: 1:1000                                                                                                 |
| Anwendungsbeschreibung | Titration of the STK19 antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
