| Hersteller               | Aviva                                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                                           |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                 |
| Applikation              | IHC, WB                                                                                                                                                                                          |
| Spezies Reaktivität      | Canine, Equine, Human, Porcine                                                                                                                                                                   |
| Immunogen                | The immunogen is a synthetic peptide directed towards the C terminal region of human FLJ14768                                                                                                    |
| Produktbeschreibung      | FLJ14768 is homologous to mouse and bovine Fiz1 (flt-3 interacting zinc finger). It interacts with NRL (neural retina leucine zipper). Possible role for Fiz1 as a transcriptional repressor.... |
| Klonalität               | Polyclonal                                                                                                                                                                                       |
| Konzentration            | 1.0 mg/ml                                                                                                                                                                                        |
| Molekulargewicht         | 52 kDa                                                                                                                                                                                           |
| NCBI                     | <a href="#">84922</a>                                                                                                                                                                            |
| UniProt                  | <a href="#">Q96SL8</a>                                                                                                                                                                           |

|              |                                                                                                   |
|--------------|---------------------------------------------------------------------------------------------------|
| Formulierung | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
